Dear Andrew,

Here is a try!

• This house would admit 325 persons. (probably too much). It could be reduced!!

one should check the visibility curve. it seems okay to me!.

Could you fax me before Friday? a temporary proposition that I could use in my file. I have a budget meeting on Friday for the building.

• a bracket. tomorrow afternoon on the phone. regards

Humbat.

the house grades are 50 cm or 45 cm. ?
